

Over 50 businesses and 300 students from Ainsworth, Bassett, and Springview gathered for the annual BKR Career Fair. Youth from all three schools had the opportunity to speak with a variety of businesses, colleges, and military personnel. Youth were given a bingo card with questions to spark conversations to learn more about each career path, internship programs, the education required, and more. Youth also had the opportunity to talk to UNL, Northeast Community College, and the Military to see what each option had to offer. 86% of students gained quality knowledge to guide their future paths.

**Programs At-A-Glance**

- **Fit & Healthy Kids:** The financial benefit from techniques learned to initiate behavioral changes totals up to \$1,917,720, as stated by providers who participated in the program.
