

The Fillmore County 4-H After School program provides a safe space for youth to participate in hands-on learning activities in Geneva, Exeter, and Shickley.

Fillmore County K-6 students are engaged in hands-on learning through positive youth development programming. Dani, a Fillmore County parent enjoys sending her kids to the local 4-H After School program on days she is still at work. “The 4-H after school program has been great for my kids! It provides a fun, safe learning environment for kids from kindergarten to 6th grade in the surrounding areas. My kids enjoy going and learning about useful topics, creating crafts and even having a snack. This is such a nice way to give back to the community and grow the next generation of Nebraska.”

### Programs At-A-Glance
